JUEMUN Fosters Global Citizenship

Young people yearn to be connected with people throughout the world in ways that enhance the quality of their lives. More than ever before, we are all aware that our lives are shared, but tragically, not always in ways that are just. As awareness of the issues that connect and enrich, divide and threaten our world grows ever more sophisticated, we need JUEMUN to allow university students to shine the light of their natural compassion, and to apply their commonsense on old and absurd problems.

Today's revolution in our means of communication can spur change for good by enhancing the role of the individual in building a consensus for peace and justice everywhere. At the same time, the interconnectedness of our world may amplify the dangers of miscommunication and the impact of maliciousness. We may be at a pivotal moment in global communication. It is characterized by a potential to push the peoples of the world apart, and a counterbalancing growing sense that we are all a part of a Global Community. JUEMUN is committed to nurturing a sense of truly global citizenship.

JUEMUN *is* an important member of the numerous and diverse global communities that have come together to try to make the world a just place for more people. JUEMUN and other international youth conferences play considerable, often underestimated roles, in encouraging students to find ways they can usefully contribute to the global community. Friendships formed among conference colleagues, destined to last a lifetime, will serve the interests of peace.

In Memoriam: Craig Smith

It is with great sadness that we report the passing of JUEMUN's co-founder, a passionate visionary educator for peace and human rights, and community builder, Professor Craig Allen Smith of Kyoto University of Foreign Studies in 2019. Professor Craig Smith truly empowered youth through the United Nations. He said that "JUEMUN, gives Japanese and international university students a platform to "share the bright light of their intelligence, of their feelings, and their ideas to make the world a better place on the global stage".

Professor Smith's final message to all of you was,

You are the global citizenship generation because in your legacy, you have been present for the MDGs and you have seen the vision for the SDGs. Implement the vision you have of creating societies, in which people of all kinds of differences can actually talk to each other, can actually build stronger communities together. If you can do that, you will truly make contributions to the way we live peacefully in this world.

Rest in peace Professor Smith, this vision is now our responsibility. You are a part of us and will never be forgotten.

MUN and JUEMUN

What is Model United Nations (MUN)?

MUN is an academic simulation of the United Nations that includes debate, public speaking and international affairs. At a Model United Nations conference, participants, who are referred to as delegates, are given the opportunity to represent different countries on different committees.

Delegates participate in discussions on issues ranging from world conflict and international security, to human rights and education. Through these exchanges, delegates are able to develop and refine skills such as collaboration, decision-making, critical thinking and verbal communication.

During a conference, delegates work together to create practical and innovative solutions to the issue they are discussing. These solutions are then incorporated into a plan called a working paper and then introduced to all of the delegates in the form of a draft resolution. The draft resolutions are then amended and voted on in hopes of passing and becoming a resolution. While most MUN conferences only last a few days, delegates often leave more interested in international affairs, become more aware, more educated and more thoughtful citizens of the future.

About JUEMUN

Japan University English Model United Nations, commonly referred to as *JUEMUN*, is an annual faculty-organized conference held in the Kansai region of Japan. Since its inception in 2010, JUEMUN has grown into Japan's premier English MUN experience for university students around the world. JUEMUN participants come from places near and far bringing an amazing array of backgrounds and perspectives, resulting in an exciting, engaging, and unforgettable simulation

JUEMUN was founded by Canadians, Professor Craig Smith and Professor Lori Zenuk-Nishide with the leadership and support of Professor Donna Tatsuki, who have combined their MUN experience of over 50 years to offer a unique and innovative learning opportunity for university students around the world. The annual JUEMUN conference is hosted on a rotating basis between Kyoto University of Foreign Studies and Kobe City University of Foreign Studies. Due to the COVID-19 pandemic, JUEMUN 2020 is exclusively online for the first time.

Each JUEMUN agenda is chosen after careful extensive deliberation and discussion by the founders. These chosen agendas are always issues of great importance to the world that need to be addressed with comprehensive and innovative solutions. At each JUEMUN conference, participants experience cooperative hands-on learning, allowing them to confront an issue in English from the perspective of their assigned country.

Through these experiences in the conference committee sessions, participants develop an appreciation of differing viewpoints, the frustration of negotiation, the rewards of cooperation, and a broader view of the human side of international relations and diplomacy. The dedicated conference support and guidance from JUEMUN faculty advisors as well as the knowledge and experience shared by the invited speakers, truly make each JUEMUN conference a professional and educational experience of the highest quality.

JUEMUN POINTS

As a general rule for the JUEMUN 2020 online conference, if you want to raise a point, do this by typing in the Zoom meeting chat. The only time when this is not allowed is during the voting process as the chat needs to be reserved for just that purpose

1. **Point of Order**– “(Country) believes that there has been a procedural mistake.”
2. **Point of Inquiry**– “(Country) would like to rise to a point of inquiry.”
3. **Point of personal privilege** – “(Country) would like to rise to a point of personal privilege.

Policies and Other Conference Information JUEMUN Code of Conduct

Delegates are responsible to act, speak and appear professional and diplomatic; treating others with respect and courtesy. JUEMUN does not tolerate discrimination based on disability, age, religion, national origin, sexual orientation, gender, color or race. Delegates are expected to attend all sessions and ceremonies and stay in character representing the policies and interests of their assigned country. Clothing must be professional. Western business dress is preferred and traditional dress is only allowed for delegates whose native countries wear traditional cultural dress professionally.

Specialized Committees at JUEMUN

At JUEMUN, delegates are assigned to one of 4 specialized committees in their meeting room. In each committee, delegates work together to co-write a working paper. As the groups are large and have equal representation from all 4 regions, sponsors and signatories are not required when tabling draft resolutions.
